### FROM THE PRINCIPAL

As we come to the end of week 6 it is important to reflect on the progress made in the first half of the term. Our children have settled in well and are already making gains in their learning. As reading is our focus, continued efforts will be focussed in this area to ensure our children receive a robust, challenging and engaging curriculum. To achieve this, we will be providing some additional 1-1 support targeted at student needs starting next week. Should you have any questions please do not hesitate to contact me.

Recently, I have met with our Facilities Officer and the school is currently in negotiations around receiving some additional funding and infrastructure. The suggestion is that this would be used to cover the tennis court to provide shade and a place for playing when wet. Although this is very much in its infancy, I can confirm that it is high on my agenda and something that I would like to achieve over the next 12 months. Although this is not guaranteed (particularly as it is high cost) I just wanted to keep families informed about what we are attempting to achieve.

Mark
